

**Material Safety Data Sheet**  
**Sun West Ingredients**  
for information or emergencies, call (509) 874-2002

**Product Identification**

Product Name: DILLWEED OIL  
Hazardous Ingredient(s): None Known

**Physical/Chemical Characteristics**

Boiling Point: N/A deg C	Vapor Pressure: N/A mm@ 20 deg C
Melting Point: N/A deg C	Vapor Density (air=1): >1
Specific Gravity (water=1): > .9	Percent Volatile @ 70 deg F: N/A
Solubility: 1% in water	Evap. Rate (butyl acetate=1): N/A

Appearance and odor: Light yellow or yellow liquid having the characteristic odor and taste of dill weed (FCC).

**Fire and Explosion Hazards**

Flash Point: > 145 deg F (TCC)      Flammable Limits: N/A  
Extinguishing Media: Carbon Dioxide, dry chemical or foam  
Unusual Fire and Explosive Hazards: None Known

**Reactivity Data**

This product presents no significant reactivity hazard.

**Health Hazard Data**

Routes of Entry: Inhalation and skin contact  
Health Hazards: Irritation of eyes and lining of nose and throat if contacted with material. This product is a "mixture" for which no health hazard data is available.

Signs and Symptoms of Exposure: Red watery eyes, runny nose, raw throat, and slight burning sensation on other contacted areas.

Medical Conditions Aggravated by Exposure: None Known

Emergency First Aid Procedures: Remove contaminated clothing if necessary, then flush contaminated area with large quantities of water. If irritation persists, contact a physician immediately.

**Precautions for Safe Handling and Use**

Steps to be taken if Material is Released or Spilled: Eliminate all ignition sources. Ventilate area. Contain spill and recover all free product.

Waste Disposal Method: Place material and absorbent into sealed containers and dispose of in accordance with the current applicable laws and regulations.

Handling and Storage Precautions: Store in a cool, dry, ventilated area away from heat sources. Keep containers tightly closed and up right when not in use.

Other Precautions: None known

### **Control Measures**

Respiratory Protection: None generally required

Ventilation: Local exhaust meeting ACGIH criteria as needed to control vapor.

Protective Gloves: Use chemical resistant gloves as needed to avoid prolonged or repeated contact.

Eye Protection: Use goggles or face shield when eye contact may occur.

Work/Hygienic Practices: Avoid inhalation and contact with skin and eyes. Wash hands after handling the product.
